

Mudit Sethia
Mechanical Engineering
Indian Institute of Technology Bombay

210100097
B.Tech.
Gender: Male
DOB: 16/08/2002

Examination	University	Institute	Year	CPI / %
Graduation	IIT Bombay	IIT Bombay	2025	

Minor degree in **Applied Statistics** from Dept. of Mathematics | **CFA Level 2** candidate (May '25) | Exchange Semester at **University of Geneva**

PROFESSIONAL EXPERIENCE				
Deutsche Bank Fixed Income and Currencies Sales and Trading Summer Analyst [May '24 - Jul '24]	Global Emerging Markets (Asia Trading) Received a PPO (return offer) for exceptional contribution to the desk			
	Strategy	- Created a repository to price Rates and FX Derivatives: swaps, options and structured products Saved 3+ hours/week by pricing in Python using DB's propriety pricing library and Bloomberg API		
	Trading	- Created a dashboard for new Euroclear(ed) Korean bonds improving sales team's efficiency by 20% - Presented a strategy exploiting deviations in interest rate parity achieving a Sharpe ratio of 2.3		
	Client Deals	- Formulated a USD/SGD zero-cost collar hedging strategy for a large Singapore based exporter Developed a VaR model for a notional \$600M total return swaps deal on Indonesian bonds		
National University of Singapore (Business School) Research Intern [May '23 - Jul '23]	Guide: Prof. Chaithanya Bandi , PhD. MIT, Associate Professor of Analytics And Operations, NUS Business School			
	Application	- Created a platform enabling financial experts to fine-tune GPT for specific financial use-cases Integrated this with open-source financial LLMs that were inspired by a paper on Bloomberg GPT - Transformed extensive documents into a "knowledge base", facilitating in-context query answering		
	Impact	Achieved 79% cost savings by replacing expensive GPT-4 with cheaper GPT 3.5 using structured, agent-based tactics which also reduced hallucinations and increased response accuracy by 26%		
LEADERSHIP ROLES				
D-AMP [Jun '23 - May '25]	Head of Resources sub-group Lead a team of 7 providing Resources and Guidance to 230+ Mech. Engg. Sophomores Mentored a group of 12 sophomore & junior undergraduates in their academic and extracurricular pursuit			
Aavhan IIT Bombay [Jun '23 - May '24]	Marketing (FnB) Manager Spearheaded a 2-tier team of 80+ volunteers for India's largest college sports festival			
	Highlights	Procured sponsorships and deals worth INR 2.2M by mapping participant demographics to sponsor Orchestrated the offsetting of 24.3MT of CO₂ for IITB-HM, India's first carbon-neutral marathon		
	Initiatives	- Hosted Mumbai city's edition of Wings for Life World Run 2024 in partnership with Red Bull - Partnered with an Italian plant-based substitutes company offering culinary delights to participants		
Investment Team [Jun '22 - May '23]	Analyst Selected in a team of 21 (of 120+ applicants) with a vision to create a student-run investment fund worth INR 500k Performed equity research on TCS using SWOT analysis, ratio analysis, and market-linked valuation modelling			
Consult Group [Jun '22 - May '23]	Associate Consultant Worked in a team of 9 selected from over 120+ applicants to nurture institute's consulting culture Co-authored the IIT Bombay's first consulting casebook by documenting 30+ cases across 5 different frameworks			
PROJECTS				
Bachelor's Thesis [Aug '24 - Dec '24]	Discovery of Non-Rare Earth Magnetic Materials using ML Prof. Alankar, Dept. of Mechanical Engineering Cut screening time by using ML to predict magnetic properties of Fe-Co-N compounds, reducing need for lab testing - Enabled cross-tool analysis by converting crystal data into PDB format, unlocking 3D visualization and ML readiness Boosted model accuracy by 15% with GNNs* that better captured atomic interactions than baseline methods *GNNs: Graph Neural Networks modelled atomic structures as graphs, allowing the model to learn from both atomic features and spatial interactions			
Mathematical Finance [Jun '22 - Oct '22]	Option pricing models and their accuracy 2 nd Position (100+ teams) Finsearch by Finance Club, IIT Bombay - Implemented Black-Scholes, Binomial and Monte Carlo models and critiqued their accuracy over historical NSE data - Architected a Seq. Neural Network to perform model calibration improving baseline accuracy from 78% to 98%			
EXTRA-CURRICULARS				
Skills	Accounting, Corporate Finance, Financial Modelling, Valuations, Financial Instruments, Corporate Issuers (Part of CFA)			
Tools	Bloomberg, Excel , Python, C, C++, SQL, R, Q, Deutsche Bank's, Internal Software, MATLAB, VBA, LATEX			
Sports	- Achieved 4th place in the Institute Lawn Tennis Open - Part of the 8 member Inter IIT Lawn Tennis Camp - Institute Sports Events Convener for Lawn Tennis	['23] ['22] ['22]	- Coached 40 students in Tennis for NSO program - Completed IIT Bombay Half Marathon (21K) - Represented district in 5 state chess tourneys	['23] ['22] ['14]
Miscellaneous	- Assisted in INR 44M tender bid to the Govt. of Ktk. 4th runner up in UCMAS Abacus Int'l competition	['20] ['10]	- Cleared Chartered Financial Analyst Level 1 - Elected as the Head Boy serving 2.5k students	['24] ['18]
