

Jagmeet Singh  
Civil Engineering  
Indian Institute of Technology Bombay

210040071  
B.Tech.  
Gender: Male  
DOB: 25/06/2003

| Examination | University | Institute  | Year | CPI / % |
|-------------|------------|------------|------|---------|
| Graduation  | IIT Bombay | IIT Bombay | 2025 | ---     |

Pursuing a **minor** Degree under the department of **Computer Science and Engineering** at IIT Bombay

## SCHOLASTIC ACHIEVEMENTS

- Secured a **perfect 10 SPI** in the 6th semester, reflecting commitment to excellence and exceptional dedication (2024)
- Among the only **2** out of **160+** students to secure AP grade for **academic proficiency** in the course CE222 (2023)
- Secured a rank within the **top 2.8 percentile** in **IIT-JEE Advanced 2021** out of **0.15 million** candidates (2021)
- Achieved a rank among **top 2.3 percentile** in Joint Entrance Exam Main 2021 out of **1 million** candidates (2021)

## PROFESSIONAL EXPERIENCE

### Software Engineering Intern | Eduvanz

May '24 - Jul '24

- Built a **Change Management** process, significantly **enhancing security** of **20+** PRs weekly across **10+** projects
- Developed an **automated Slack notification system**, delivering **real-time updates** to **10+** teams on PRs
- Established **2 Jira** projects and a workflow to review **30+** code base **change requests** weekly from **40+** developers

### Cancer Biomarker Identification – Proteomics Data Analysis

Aug '23 - Nov '23

Koita Centre for Digital Health | Prof. Sanjeeva Srivastava, BSBE Department, IIT Bombay

- Involved in an effort to find **proteomic biomarkers** for the cancerous **brain tumor Medulloblastoma**
- Built a pipeline using the software **MaxQuant** to analyze proteomics data output from a **Mass Spectrometer**
- Used **global proteomics** methods to detect dysregulated proteins which could be **potential biomarkers**

### Teaching Assistant, Data Structures and Algorithms | Coding Ninjas

Oct '22 - Dec '22

- Resolved **160+** doubts and meticulously debugged complex code issues with an average rating of **4.68 out of 5**
- Conducted interactive **problem solving** sessions and helped students in **understanding complex concepts**

## KEY TECHNICAL PROJECTS

### Smart Commute Delhi | Self Project

Jul '24 - Aug '24

- Developed a **C++ terminal based** application to find the **shortest route** between **250+** Delhi metro stations
- Utilized Graph algorithms like **Dijkstra & Breadth-First-Search** to get efficient route detail between metro stations
- Enhanced functionality to calculate and display **estimated fare** for **10+** metro lines on pricing & route distance basis

### CPU Scheduling Algorithms - Operating System | Self Project

Jun '24 - Jul '24

- Implemented a diverse set of **CPU scheduling algorithms** in **C++** to effectively manage **process scheduling**
- Utilized methods such as First Come First Serve, Round Robin, Shortest Remaining Time, and Shortest Process Next
- Developed algorithms including **Highest Response Ratio Next** and Feedback to enhance CPU scheduling efficiency

### Class Imbalance Resolver | Guide: Prof. Abir De | Course Project

Mar '24 - Apr '24

- Developed an approach for class imbalance to enhance **minority class identification** and performance metrics
- Implemented techniques like **SMOTE**, Duplication for targeted oversampling and to enhance minority class detection
- Achieved **95.6%** overall accuracy in fraud detection with significant gains in precision and recall for minority class

### Real-Estate Web Application | Self Project

May '24 - Jun '24

- Developed a real estate website using MERN stack, enabling users to **list properties** and **browse** available listings
- Implemented **Google authentication** for seamless **sign-in/sign-up** functionality, ensuring secure access for users
- Developed interface with **React.js** for property listing and search, seamlessly integrating MongoDB for data storage

## TECHNICAL SKILLS

**Programming and Software** : C++, Python, HTML, CSS, Javascript, SQL, LATEX, Git, Jira, MaxQuant  
**Libraries and Frameworks** : React.js, Tailwind CSS, Node.js, Express.js, Zod, Redux, Axios, Mongoose

## EXTRACURRICULAR ACTIVITIES

- Won **finisher** medal in archery competition among **10+** students in decathlon's mega sports event, IIT Bombay (2023)
- Contributed to Hostel-2 team score against **5+** teams in **Inter Hostel Hockey Competition** at IIT Bombay (2023)
- Designed and built a **Bluetooth Controlled** four wheeled **Bot** capable of showing two degrees of freedom (2022)
- Participated in Abhyuday's Powai Lake Mega Clean-up Campaign, contributing to environmental preservation (2022)
