

RISHAV CHATTERJEE
Civil Engineering
Indian Institute of Technology Bombay

22B0653
B.Tech.
Gender: Male
DOB: 17/03/2004

Examination	University	Institute	Year	CPI / %
Graduation	IIT Bombay	IIT Bombay	2026	
SCHOLASTIC ACHIEVEMENTS				
JEE Main'2022 - 99.20 percentile JEE Advanced'2022 – 97.90 percentile KVPY SX'2022 – 3878 Rank 10 th CBSE Boards – 98.4% (491/500)				
PROFESSIONAL EXPERIENCE				
InsAnalytics <i>Data Science and GenAI Intern</i> [May'25 – Jul'25]	<i>Awarded Letter of Recommendation by the Chief Data Scientist for exemplary performance & commendable work ethics</i> - Developed an investor-focused pitch deck based on deployment of Virtual Power Plants (VPPs) in the Indian subcontinent - Evaluated creditworthiness using Logistic Regression and deployed MLOps using Kubernetes and Docker for CI/CD - Engineered an Automated Bid Generation system for tender responses, using GenAI along with RAG implementation			
Nanyang Technological University, Singapore <i>Research Intern</i> [Nov'24 – Dec'24]	<i>Received Letter of Recommendation from Dr Anupam Chattopadhyay, Associate Professor, CSE department, NTU Singapore</i> - Designed and optimized a GAN model for generating highly realistic grayscale images using the Fashion-MNIST dataset - Engineered robust Generator and Discriminator networks leveraging convolutional layers and optimized using Adam - Conducted hyperparameter optimization & fine-tuning of learning rate and batch size, to enhance the quality of images			
KEY PROJECTS				
Flight Delay Prediction <i>Self Project ML Apr'24</i>	- Performed Exploratory Data Analysis (EDA) on 100,000+ flight records utilizing Python, Pandas, Matplotlib and SciPy - Implemented ML models using Scikit-learn and Python libraries, achieving an impressive F1-score of 0.89 on test dataset - Optimized model performance by implementing feature selection using Numpy and hyperparameter tuning using GridSearchCV			
Chest Cancer Classification <i>Self Project DL Jul'24</i>	- Designed and implemented a modular ML pipeline with 20+ components, improving development efficiency by 30% - Utilized MLflow to track 50+ experiments with model registry, and DVC to version-control 10GB+ of medical imaging data - Developed an end-to-end prediction pipeline using Docker and deployed via CI/CD workflows on AWS and Azure			
Named Entity Recognition <i>Self Project NLP Apr'25</i>	- Developed and fine-tuned NER models using SpaCy and Flair to extract structured entities from raw text with high accuracy - Designed an NLP pipeline integrating entity recognition for downstream tasks like knowledge graph construction & semantic search - Benchmarked multiple NER models to evaluate performance trade-offs and enhance entity recognition effectiveness			
Meet Scheduling Assistant <i>Self Project GenAI Jul'25</i>	- Deployed an AI scheduling assistant using Flask, LLaMA 3.1-8B, and Google Calendar API at the AMD Sprint Hackathon - Delivered instant meeting confirmations or alternatives in under 10 seconds via intelligent intent parsing and slot optimization - Automated cross-time-zone meeting scheduling with conflict resolution, reducing manual coordination by a significant 90%			
COURSES AND CERTIFICATIONS				
Deloitte Virtual Internship	- Gained hands-on experience through simulated projects curated by top global firms like BCGX, British Airways, and JP Morgan - Acquired practical expertise in advanced data analysis, comprehensive risk evaluation, and strategic business planning - Delivered impactful solutions through experiential client-focused projects and real-world consulting case challenges			
McKinsey Forward Program	- Developed proficiency in complex problem-solving, structured communication, and data-driven business decision-making - Applied innovative digital transformation strategies to real-world, high-impact business scenarios and case challenges			
NPTEL - Business Intelligence and Analytics	- Achieved a top 5% ranking in the course, demonstrating advanced analytical ability and problem-solving expertise - Implemented data-driven methodologies to extract insights, enhance decision-making and solve business problems - Developed proficiency in BI tools for analysing and presenting data-driven insights to enable strategic business impact			
POSITIONS OF RESPONSIBILITY				
Hospitality and PR Coordinator <i>Mood Indigo '23</i> IIT Bombay	<i>Asia's largest college cultural festival Footfall: 146,000+ Events: 240+ Colleges: 5,000+ 53rd Mood Indigo</i> - Coordinated accommodation for 4000+ students and 260+ artists, ensuring seamless logistics and hospitality services - Facilitated and managed an interactive online community of 90K+ members, fostering collaboration and participation - Organized pan-India competitions tour across 10 metropolitan cities, engaging 25K+ students across diverse events			
International Student Mentor <i>July'25 – Present</i>	- Selected among top 23 of 70+ applicants to mentor international exchange students with academic and personal ventures - Supported 15+ foreign nationals in acclimatising into the institute's system and enhanced their overall adjustments - Planned and executed 10+ social events, creating opportunities for cultural exchange, and stronger community bonding			
CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES				
TECHNICAL SKILLS	Languages & Tools: C++, Python, MySQL, MS Excel, Power BI, Tableau, Hugging Face, Kaggle, Git, Streamlit, Docker Frameworks & Libraries: Pandas, NumPy, Matplotlib, Scikit-learn, PyTorch, TensorFlow, OpenCV, LangChain, LangGraph			
SPORTS	- Completed a year-long professional and rigorous military training under the National Cadet Corps (NCC), IITB ['23] - Completed treks at Ratangad, Kalsubai Peak & Aadraai Jungle, demonstrating endurance, resilience and adventure ['24] - Secured Gold medal in 5.5 km race as part of the Hostel-2 contingent at the Inter Hostel Crossy General Championship ['25]			
CULTURAL	- Secured 1st position in the Inter-Hostel Dance General Championship as part of 21 member Hostel 2 contingent ['24] - Successfully captained the Hostel team to 1st position in the Inter-Hostel Halloween Fashion General Championship ['24]
