INTERNSHIPS

DMI Finance Product Manager [May'24 – Jul'24]	Awarded a LoR Leading financial services provider with various credit solutions Customer base: 20M+	
	Objective	• Enhance user insights and conversion through user persona mapping and funnel analysis
	Approach	• Developed user personas using 8 key metrics on K-prototypes from 600k+ customers data • Analysed 500k+ lead-to-disbursal data points across 2 channels to identify cross-sell potential
	Impact	• Boosted lead generation by 14% through precision marketing aligned with user personas • Reduced CAC by 10% and increased loan completion by 15% via user journey optimisation • Augmented disbursal by 12% by targeting high-value segments with 2.74% cross-sell potential
Cashify Data Analyst [Jul'24 – Sep'24]	India's first and largest leading online platform for buying, selling and refurbishing electronic gadgets • Developed a Python web scraper with Selenium , saving 300+ man hours in pricing data collection • Achieved 5x faster competitor analysis through data extraction of 3k+ products from 2 websites	
Winzera Founder's Office [Aug'21 - Nov'21]	Awarded a LoR from the Co-founder FMCG wellness startup with 100k+ customers, 1B+ order value • Achieved 9% sales growth with region-specific strategies leveraging market and competitive analysis • Identified 6 high-potential product extensions for skincare, driving an 11% increase in product adoption	

LEADERSHIP ROLES

Overall Coordinator Techfest, IIT Bombay [Apr'23 – Apr'24]	Headed a 3-tier team of 22 Managers leading 1100+ volunteers Budget: INR 74M+ Footfall: 180k+	
	Finance	• Secured highest cash budget (20% y-o-y), obtained 15% y-o-y increase in accommodation • Achieved record net savings worth INR 4M by revamping revenue and expenditure streams
	Initiatives	• Structured Innovation Challenge with ISRO & SoF , reaching 0.4M+ students in 12k+ schools • Pioneered Techfest app (10k+ downloads), optimizing logistics and saving 1.2k+ man-hours
	Events	• Hosted Shri S.Somanath, Akash M. Ambani Organised first Defence symposium in India • Spearheaded Int'l 360° EDM stage in an Indian college fest Budget: INR 10M+ Crowd: 20k+
Manager Techfest, IIT Bombay [Mar'22 – Mar'23]	Led execution of media coverage of 140+ events with a team of 80 coordinating with 300+ reporters • Acted as the official spokesperson , liaising with 60+ media houses like Times group, ABP News, CNN • Procured INR 16M+ cash, 44+ sponsorships alliances and executed record INR 51M+ media budget • Established IIT Bombay as India's first 5G-enabled institute in collaboration with Jio 100k+ visitors	

KEY PROJECTS

ML for Concrete Durability [Aug'24 – present]	Master's thesis: ML-powered solutions for infrastructure resilience Guide: Prof. Shyam Prasad Karagadde • Conducted data-driven discovery of concrete's thermal behaviour to improve infrastructure resilience • Built an ML model using the SINDy framework to predict material properties & linear differential equations • Leveraged extensive spatio-temporal data and finite element simulations to enhance model accuracy	
Supply Chain Optimization [Aug'22 – Nov'22]	Course Project: Streamlined supply chain with AMPL mathematical modelling Guide: Prof. A. Bhardwaj • Optimized distributor profit by modelling deterministic & probabilistic demand in a push supply chain • Developed an algorithm to optimise profit while maintaining 85-90% service level amid uncertain demand	
Smart Luggage Solution [Aug'23 – Nov'23]	Course Project: Designed an expandable trolley bag for easy capacity adjustment Guide: Prof. R. K. Singh • Developed a user-centric push-button expansion mechanism for the trolley bag, aligning with user needs • Researched 30+ materials & manufacturing processes to develop a durable, cost-effective prototype	

EXTRACURRICULAR ACTIVITIES

Public Speaking	• Hosted a talk show featuring Lars Rasmussen, Co-founder of Google Maps , drawing a 1.5k+ audience • Moderated an interactive discussion between NASA Administrator Bill Nelson & IIT Bombay students	
Sports	• Secured Gold medal in Kho-Kho among 5 teams at RSL Aavhan'21 , IIT Bombay's annual sports festival • Awarded a Silver medal in Kho-Kho at the Institute General Championship , IIT Bombay 2023-2024	
International Relations	• Awarded LoRs from the US consulate general and Finland Embassy for successful multinational events • Liaised with 70+ Embassies & Consulates to rope in participation from 20+ countries in Techfest 2022	
Product	• Built an interactive Power BI dashboard by transforming pizza sales data using SQL and Power Query • Performed 5+ product teardowns for apps like Bumble, Spotify and Duolingo using the RICE framework	
Social	• Directed a 1M+ kg carbon reduction through Sustain, a social initiative endorsed by AICTE & Niti Aayog • Mobilized 2,500+ eye donation pledges through Drishti, with 15+ NGOs by conducting 120+ sessions • Executed Breast Cancer awareness initiative " NIDAAN ", Conducted 150+ sessions along with 10+ NGOs	
Certifications	• Google Data Analytics Professional Certificate	• Product Management Bootcamp at Startup201
Technical Skills	• Languages: Python, SQL, MATLAB, C++	• Tools: Advanced Excel, Power BI, Tableau, Figma
