Contents

- What is a Resume
- Why Make Resume?
- Types of Resume
- Platform to use
- Structure of a point
- Sentence Formation
- Resume Components
- DOs and DON'Ts
- Aesthetics
- Margins
- Verifications / Reviewing
- Impact Words

Highlights

- ❖ Make your own master CV
- ❖ Detailed analysis of speaker's resume
- ❖ Importance of Projects

01

What is a Resume?

a strong resume increases your chances of being invited for interviews

A Resume details the whole course of a candidate's academic career. It summarizes our skills and work experience

- Your first impression
- Highlights your unique strengths, experiences and achievements
- Demonstrates professionalism

02

Why make Resume?

resume making activity is more than just listing your skills/work

“Why make resume”, “Isn’t it too early to make resume?”
“I don’t have enough to write, how do I make resume?”

- You need to keep adding the content every time you sit down for updating resume.
- Earlier you start, better it is.
- There are multiple formatting styles possible for resume, you should start working on how you would like your formatting to be

03

Types of Resume?

IITB Resume portal provides five slots for resumes. 3 one page & 2 two pages resumes

2 page TECH

Technical Internships, Projects up top, ideal for coding profiles like developer, data science

2 page NON-TECH

PORs, Non-Tech Internships, Extra Curriculars up top, ideal for consulting, finance

1 page TECH

Lower down number of points, can remove some PORs and extra currics [Not completely]

1/2 page CORE

Projects, research, courses related to core department on top

04 Platforms

Generally Latex is preferred over MS Word:

- Easier to make tables in preferred format
- Higher control over spaces, Word is messy if you want to adjust a little space b/w sections
- You don't even have to make latex codes from scratch, copy paste the part before `"begin{document}"`, afterwards you can edit each sections accordingly

If you want you can use MS word, just take care of margins

L^AT_EX

Go to [Overleaf.com](https://overleaf.com) → Make a new account → Start a new project → Copy paste the relevant codes

05

Structure of a point

- Title
- One line contextual information
- 2-4 sub points (Sub points should complete the line)
- Avoid 2 line points
- Try using stock points from resumes repositories
- Organising sub points - sequentially, most impactful first, most important first

Analysis of Fluid Flow in Interstitial Space

[Jun '23 - Present]

Research Project | Guide: Prof. Manaswita Bose | Department of Energy Science & Engineering, IIT Bombay

- Investigating the effects of **turbulent** flow in simple-cubic pores on transport, **clustering** & deposition of the particles
- Experimentally visualized the behavior of the **fluid flow** inside the porous media using **Particle Image Velocimetry**
- Analyzed the impact of water, glycerol, and **NaI-water** solution in optical measurements by **refractive index** matching

06

Sentence Formation

Impact word

Effect

any point you are adding should be a full sentence

What?

Common mistakes

How?

- Explaining too much
 - Too many words in bold
 - 1.5 or 2 liners
 - Repeating action words
-
- Performed polymer processing to fabricate 100-micron thick films by solution casting and melt pressing techniques
 - Analyzed the impact of water, glycerol, and NaI-water solution in optical measurements by refractive index matching
 - Performed streamline visualisation for passive flow along with the temperature and velocity profile using OpenFOAM
 - Developed an SSTV module and adeptly implemented the PD90 protocol to transmit 320x256 high resolution images

07

Resume Components?

Scholastic Achievements

Your school / insti achievements

Professional/Research Experience

Research interns or projects / Official Internships

Technical/Key Projects

Technical and Non-Technical

Position of Responsibility

Club PORs, Mentors, Teaching Assistant

Technical Skills

Lab skills, languages etc.

Extracurricular Activities

Sports, Cultural, Social, Technical activities

08

DO's and DON'Ts

- All headings and bullet points should start at same vertical location as header
- Revise your resume completely before interviews
- Quantify your points as much as possible
- Maintain a Master document to timely add content relevant to your resume

- Don't add something which was not even done satisfactorily
 - Don't put up half / one-and-half sentences
 - NO full stops in end of sentences
 - Keep usage of italics minimal. Use it for subheading/dates at most, not in points
 - Don't design your resume excessively, keep it formal
- 

09

Aesthetics

- Do bold important words in your points
- Tools / Libraries / Algorithm names etc. can be made bold
- Use italics only in subheadings or dates
- Make the section heading a little different for it to stand out
- Tables can give a different view for sections, you can go without column/row borders also

RESEARCH EXPERIENCE

Microplastics generation from Polymers | *Research Intern*

Guide: Prof. Guruswamy Kumaraswamy | *Sustainable Soft Materials (SSM) Lab*

- Inspected the generation of **micro** and **nano-plastic** from commercial polymer resultant fragments using **optical & scanning-electron microscopy** and data analysis
- Executed polymer processing to fabricate **100-micron** thick films by **solution casting**
- Performed **SEM, FTIR, DSC & Thermogravimetric** analysis for experimental characterization

Analysis of Fluid Flow in Interstitial Space | *Research Project*

Guide: Prof. Manaswita Bose | *Department of Energy Science & Engineering, IIT Bombay*

- Investigated the effects of **turbulent** flow in face-centred cubic pores on **clustered** particles
- Experimentally visualized the **fluid flow** inside the porous media with the **PoreFlow** software

EXTRACURRICULARS

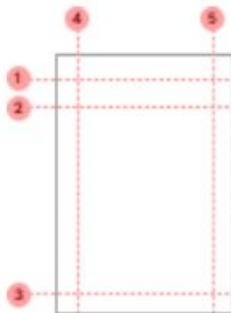

Cultural	• Won the Creative Writing Competition by Indian Languages Club • Design Head of Inter IIT Tech Meet 11.0 to successfully drive student participation • Bagged the Semi-Finalist spot in the National English Open-Meet • Successfully completed a year-long course in Dramatics under National School Drama Festival
Sports	• Led a Table Tennis team of 4 as captain at the CBSE Cluster National level • Played in the Table Tennis General Championship as the Key Player
Technical	• Selected as Top-25 teams nationwide in the Smart Mobility category • Secured spot in Finals of Boeing payload dropping UAV design competition • Mentored a team of 3 freshmen to ideate and present a startup in Inter IIT Tech Meet

10

Margins

IITB portal requires fixed space on top for header, and advise other margins too which you should follow for a decent look:

1. Top (Short header)	53.09 mm
2. Top (Long Header)	62.74 mm
3. Bottom	6.4 mm
4. Left	14.11 mm
5. Right	14.11 mm

```
Code Editor Visual Editor ↺ ↻ Normal text B I ☐ Ω ...
1 %\documentclass{article}
2 \documentclass[11pt]{article}
3 \usepackage[a4paper,bottom =6.4 mm,left = 13.11 mm,right = 13.11 mm,top =
  53.09mm]{geometry}
4 \usepackage{verbatim}
5 \usepackage{lipsum}
6 \usepackage{graphicx}
7 \graphicspath{ {images/} }
8 \usepackage{amsmath}
9 \usepackage{mathtools}
```

**Do not go out-of-ordinary ways
as recruiters have habit of
looking for typical sections, as
they spend less than half a
minute on each resume**

PT Cell Verification

Verification

- Start verification process few days earlier to avoid hassle
- Specially the points to be verified by professors/external should be done much earlier
- Finalize your points as soon as possible as you would need exact verification of your points

Research Experience

submitted

intermediate

final

Verification Status

External

guruswamy@iitb.ac.in

Microplastics generation from Polymers [May '23 - Present]
Research Project | Guide: Prof. Guruswamy Kumaraswamy | Sustainable Soft Materials (SSM) Lab, IIT Bombay • Inspected the generation of micro and nano-plastic from commercial polymer and characterized the resultant fragments using optical microscopy, Fourier Transform infrared spectroscopy and dynamic light scattering • Performed polymer processing to fabricate 100-micron thick films by solution casting and melt pressing techniques • Studied the fragmentation behaviour of polymers and executed XRD, SAXS, DSC & Thermogravimetric analysis

Reviewing

getting resumes reviewed is the key to a refined resume

Reviewing

- Review your resume from multiple seniors to get feedback.
- Ask for grammatical/ formatting/ aesthetics comments
- Before interviews you can send your resume to ask about top 5 questions that pop up in reader's mind
- And yeah, you can also ask me for reviews :)

- Implemented **SPI, I2C** and **UART** communication protocols
- Decoded **SSTV** & **weather** images transmitted from the satellite
- **Ham Radio Club**
A global community of **Ham enthusiasts**, bringing electronics enthusiasts together
- Presented **SSTV** in a day-long workshop to equip **80+** participants
- Tracked **NOAA** Satellites using Quadrifilar Helix Antenna

Serial Dilution

Chemical Engineering Tinkering's Lab, Institute Technical Committee

- Engineered a **biomedical device prototype** to accurately measure blood sugar levels
- Designed an innovative and **efficient** serial dilution technique

Solid Engine Model Rocket

Ascent Rocket Design Challenge, Aeromodelling Club

- Achieved the **first position** among **80+** participants for the challenge
- Optimised **tri-clustered** engine rocket to achieve **500m** altitude
- **Evaluated** rocket performance in **subsonic** flow by analysing pressure coefficients

Akshat Verma

Jul 19, 2023

utilise the full line, can use terms like "cross functional student team, interdisciplinary student team"

jai jobanputra

Jul 19, 2023

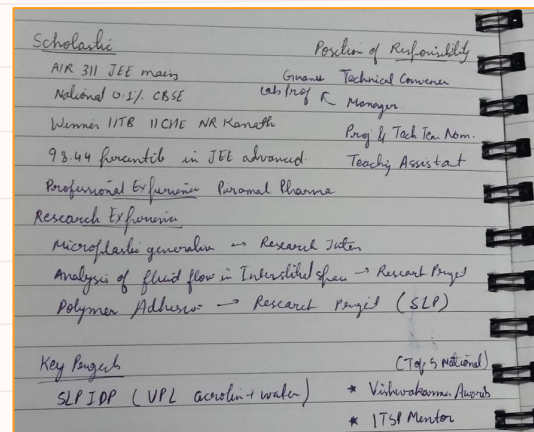

This point looks much more impressive than top waala upar kyu nahi hai ye, secondly isme bhee wohi issues hai, you developed a module, but how is it better than the preexisting ones? Is it cheaper? Is it more efficient? Is it easy to manufacture etc

12

Master Document

Master Doc is a document with all of your career work, skills and achievements

- It could be of any number of pages
- Should have every topic explained in 3-4 lines with proofs of same
- Actual resume points can be made by taking subset of points from here
- Easily tracking of everything you did while making later year resumes
- Helps you divide pointers into different section of resume

Pointer writing before resume making

Anatomy of a resume

1 page core & 2 page core

A.

Scholastic Achievements

include your school and insti achievements related to academics

School

- KVPY/NTSE/Olympiads/District
- Competitions
- Merit Lists (CBSE 0.1%)
- Scholarship Achievements
- JEE Ranks (if <500)
- Percentile in 2 decimal format
- BITSAT score

Insti

- Perfect SPI in a semester
- AP grade
- Dept Rank (if <15) with batch strength (if >80)
- Pursuing Minor in any dept.
- Branch change*

Numbers, percentages always glints your points so try to add them as much as you can

*if applicable

Pursuing **Honors in Chemical Engineering** and **Minor in Biosciences and Bioengineering**

ACADEMIC ACHIEVEMENTS

- **Ranked 4th** out of a batch of **121** undergraduates in the Department of Chemical Engineering ('20)
- Secured **AP grades** for excellent performance in Psychology (**1 in 255**) and Data Analysis (**6 in 140**) courses ('18 - '19)
- Received **Undergraduate Research Award** (URA01) for exemplary contribution to research in thermodynamics ('19)

SCHOLASTIC ACHIEVEMENTS

- **Department Rank 2** among 121 undergraduate students in the Chemical Engineering Department, IIT Bombay ['20]
- Received **Undergraduate Research Award** (URA-01) for exemplary contribution to research at IIT Bombay ['19]
- Awarded **AP grade** for exceptional performance (top 1%) in *Data Analysis* and *Electrical and Electronic circuits* ['19]
- Secured **100/100** marks in **Physics** (among national **top 0.1%**) and **School topper** in 12th std Board Examination ['17]
- Secured **99.68** and **99.18 percentile** in Joint Entrance Examination(JEE) Main and Advanced respectively ['17]
- Awarded **certificate of merit** in NSE Physics (among **national top 1%**) and NSE Chemistry ['17]
- Secured **All India Rank 121** in Kishore Vaigyanik Protsahan Yojana (**KVPY**) organized by IISc, Bangalore ['16]

Pursuing a **Minor** in the Department of **Biosciences and Bioengineering** at IIT Bombay

SCHOLASTIC ACHIEVEMENTS

- Achieved All India Rank **311** out of 9.4 lakh candidates in Joint Entrance Examination Mains ('21)
- Awarded the **National 0.1%** Certificate of Merit in **CBSE** All India Secondary School Examination ('19)

B.

Professional / Research Experience

Quantify your work with numbers/percentages

What: Training / Internship / Research intern or project under prof

Responsibilities: Part of which team? What role in team? overall aim?

How: Platform / equipments worked on? softwares used?

Impact: Highlight the impact made by you as % increase in efficiency , n hours

decrement of man hours by software, found sustainable alternative, % increased output, % decrease waste etc.

Awards: Letter of Recommendation. Do ask for a LOR / appreciation letter from your internship head / prof

RESEARCH EXPERIENCE

Microplastics generation from Polymers | *Research Intern*

(May '23 - Present)

Guide: Prof. Guruswamy Kumaraswamy | Sustainable Soft Materials (SSM) Lab, IIT Bombay

- Inspected the generation of **micro** and **nano-plastic** from commercial polymer and **characterized** the resultant fragments using **optical & scanning-electron microscopy** and **dynamic light scattering**
- Executed polymer processing to fabricate **100-micron** thick films by **solution casting** and **melt pressing**
- Performed **XRD, FTIR, DSC & Thermogravimetric** analysis for experimental design & characterization

INDUSTRIAL EXPERIENCE

Process Modelling Intern | *Worldwide Research Development and Medical*

(May 2022 - July 2022)

Pfizer Inc

- Developed a Discrete Element Method model to simulate pharmaceutical powders using custom-built python codes
- Devised a method to expedite the calibration of pharmaceutical powders to granular models by numerical techniques
- Calibrated of pharmaceutical powders using DEM simulations in a High Performance Computing (HPC) environment
- Implemented a coarse-graining algorithm, leading to a speed-up in execution of the calibration workflow

PROFESSIONAL EXPERIENCE

Pfizer Inc. Worldwide RnD | *Process Modelling Intern*

(May '22 - Present)

Developed computational tools to accelerate & predict the pharmaceutical process development

- Enhanced the **accuracy** of granular flow simulations in **Ansys Rocky** by implementing a **new module**
- Benchmarked and simulated **Discrete Element Method** models employing **custom-built** Python codes
- Calibrated three pharmaceutical powders to examine bulk flow using **high-performance computing**

C.

Technical / Key Projects

any insti club technical competitions [XLR8, RC Plane etc.], [SoS / SoC / ITSP / SURP / Learners' Space / WIDS etc.] / Course projects / Finsearch / Project under any prof.

Completed

- Explain your completed work in pointers Mention used software, algorithms, libraries
- Number of research papers (if read) can be added
- Achieved efficiency or glimpse of result

Ongoing

- Add “ing” in your IMPACT WORD (Analyzing/Working etc)
- Add scope of future work that you are targeting

Simulation of 2D flow in the draining of a tank | *Guide: Prof. Devang Khakhar* (Mar '22 - May '22)

Course project: Verified Torricelli's theorem by executing simulations for varying parameters in a team of 4

- Analysed the differences in laminar & turbulent flow using **icoFoam** and **pisoFoam** solvers in OpenFOAM
- Varied mesh & orifice size using **Gmsh** and leveraged **ParaView** to visualize the resulting streamlines

Optimisation of Thermos Flask

[Jan '23 - Apr '23]

Course Project | Guides: Prof. P.Sunthar & Prof Ojus Mohan | Department of Chemical Engineering

- Spearheaded a team of **8** students and pioneered the **generation**, identification & increasing efficiency of thermos flask
- Analysed the pre-existing models of thermos flask and storage units referencing insights from **10+ research** publications
- Performed **streamline** visualisation for passive flow along with the temperature and velocity profile using **OpenFOAM**

Implementation of Nanotechnology to medicine | *Summer of Science*

(Jun '22 - July '22)

Performed an extensive literature review on the applications of Nanomaterials Maths & Physics Club, IITB

- Studied the usage of **quantum dots** in **tumour visualisation** along with its dependence on fluid flow
- Dissected case-studies on the treatment of **Cancer** and **TB** using Nanotechnology & transport phenomena

Project Management of a Seminar | *Course Project | Prof. G.K. Adil*

(Spring 2022)

Analysis of the organisation of a business case on the basis of its budget, deliverables and timeline

- Analysed **costing requirements** by comparing top down to bottom up approach to reduce costs by **6.67%**
- Devised **PERT chart** and **slack sheet** on basis of **critical path** for optimization of business case timeline
- Composed a **RACI matrix** to assign work in accordance with the project team roles assigned to members

D.

Position of Responsibility

- E-cell/MI/TF Coordie
- Hostel Secy
- Department Secy
- ITC Technical Club Convener
- Tech Teams (tech / business)
- SARC
- UGAC
- Insight
- PT Cell
- Sports Convener
- Culturals Convener
- CR
- Teaching Assistant
- Mentorship

Flow

- Team & budget size , number of people / students affected, budget in million (Mn.)
- Your role in team, unique contribution (if any), responsibilities
- New initiatives or work started for future
- Effect of your work, ongoing work (if any)

TA / Mentor

- Number of students affected / batch size
- Conducting tutorials / Doubt sessions / Copy Checking / Help session etc.

POSITIONS OF RESPONSIBILITY

Manager | Aeromodelling Club, Institute Technical Council

(May '23 - Present)

Leading a team of **8** members to organise **20+** events & projects with an inventory worth over **0.7 million**

- Spearheading Institute Technical Summer Projects offering **3-month**-long technical projects to **100+** teams
- Collaborated with aerospace dept. professors to **conceptualize**, design, and introduce a new comprehensive **lab curriculum**, ensuring students gained practical insights into **complex aerodynamic** principles
- Pioneered UAV **Expo** & enlisted top Indian UAV **pilots** in 3D RC **Airshow** with FPV drone & fixed wings

Teaching Assistant | Introduction to Quantum Physics, PH112

(Apr '23 - Jun '23)

Department of Physics | Course Instructors: Prof. Alok Shukla & Prof. Kantimay Das Gupta

- Mentored **35+** students in **Quantum Physics** conducting weekly tutorials to foster enhanced comprehension
- Proactively organized doubt-solving sessions and aided **evaluations** for smooth course conduction & learning

POSITIONS OF RESPONSIBILITY

Design Manager | AZeotropy'23 : India's largest Chemical Engineering symposium

(Jun '22 - Present)

Working in a **2-tier** team of **13** managers to organise intercollegiate events | Footfall: **11K+** | Reach: **50K+**

- Promoted the events and competitions to **300+** colleges by designing & maintaining the organisation's blog
- Designed a brochure to attract sponsors from over **120** companies & **500+** corporate professionals

Institute Technical Convener | Maths and Physics Club, IIT Bombay

(May '21 - Jun '22)

Part of a **7** member team fostering the interests of **10000+** enthusiasts by organising various competitions

- Hosted & made problems for a **nation-wide** Maths Olympiad event with a turnover of **750+** participants
- Contributed to formulating physics-based questions for the **Scientific Computing** General Championship

E.

Technical Skills

Languages

Python, C++/C,
Java, HTML, CSS,
JSS, Latex

Simulation

AutoCAD, Solidworks,
Arduino IDE, RPi,
MATLAB, DWSIM,
Aspen, LTSpice,
OpenFOAM

ML/ Development

Numpy, Pandas,
Tensorflow, Pytorch, React,
Angular JS, Android studio,
Bootstrap, Flutter

Others

Powerpoint, Excel,
Illustrator,
Photoshop, Canva,
Gantt chart

One liner technical skills in 1 page core resume

- **Software:** Python, MATLAB, C, C++, R, VMD, Delta HPC, OpenFOAM, ParaView, Ansys Rocky, Gmsh
- **Software:** MATLAB, C++, OpenFOAM **Lab Skills:** XRD, SEM, FTIR, Microscopy, DSC, TGA, SAXS

Technical Skills

Programming : C++, Python, SQL, MATLAB, OpenFOAM, Gmsh, HTML, HTML5, CSS, Git, L^AT_EX, R
Office Tools : MS Excel, MS Powerpoint **ML Libraries :** Scikit-Learn, Numpy, Pandas, Seaborn, NLTK

F.

Extra curricular activities

- Sports : Insti GC / Inter IIT / NSO | School/District/State/National level
- Cultural : Insti GC / Dramatics / Inter IIT / Dance / Music | School level cultural competition (AIDS, Surbahar etc.)
- Technical : Tech workshops / Bootcamps / Inter IIT / Competitions / Learners' Space
- Social : NSS activities / Abhyuday / Teaching camps / Social volunteering
- Speaking : Debate sessions / Speech / Hosting / Literary Arts
- Creative content : Article making / Solution making / Blog writing
- Organizational : Event organizing volunteer (Aavhan , Inter IIT)
- Small PORs : School captain / Head girl/boy

EXTRACURRICULARS

Cultural	• Won the Creative Writing Competition by Indian Languages Club among 30+ participants [^{'22}] • Design Head of Inter IIT Tech Meet 11.0 to successfully drive student's innovation and engagement [^{'22}] • Bagged the Semi-Finalist spot in the National English Open-Mic competition of WIZKIDS [^{'20}] • Successfully completed a year-long course in Dramatics under National Sports Organisation [^{'22}]
Sports	• Led a Table Tennis team of 4 as captain at the CBSE Cluster National Level, Greater Noida [^{'19}] • Played in the Table Tennis General Championship as the Key Player representing Hostel-9 [^{'22}]
Technical	• Selected as Top-25 teams nationwide in the Smart Mobility category in Vishwakarma Awards [^{'23}] • Secured spot in Finals of Boeing payload dropping UAV designing competition at IIT Madras [^{'23}] • Mentored a team of 3 freshmen to ideate and present a startup in business model competition [^{'23}]

Extracurricular Activities

Sports	• Professionally trained in Taekwondo for 7 years Silver Medallist at district-level games [^{'13}] • 6 years experience in Athletics Bronze Medallist in Long Jump at district-level games [^{'16}] • Secured Gold in Aavhan's Basketball League as Manager and Player of the winning team [^{'22}] • Bestowed with Silver medal in the Ballers' Shootout Tournament held institute-wide [^{'22}] • Awarded the Championship Trophy for the most decorated athlete in school thrice [^{'13, '15, '16}]
Culturals	• Finished 1st in Jazz-Up Challenge by Style-Up, fashion club of IIT-B among 30+ other entries [^{'21}] • Bagged 2nd place at Youphouria inter-school Elocution Competition among 25+ students [^{'15}] • Staged a hip-hop group dance in the Annual Insync Dance Showcase having 2500+ viewership [^{'22}]
Social	• Volunteering at Women of IIT Network (WIN), an initiative to empower careers of women [^{'22}] • Participated in Mangroves Clean-up drive as part of cleanliness initiative by NMMC [^{'17}]
Others	• Selected as a delegate for Harvard College Conference '22 from 1000+ applicants globally [^{'22}] • Accomplished an Olympiad Rank 26 in the Global Olympiad of Math conducted by THF [^{'17}] • Completed a course certified by the Wharton University on basics of Corporate Finance [^{'22}]

Thanks!

Do you have any questions?

Résumé Analysis

What did and didn't work for me, critical analysis, hindsight pondering and what you can take away from it

Thanks!

Do you have any questions?

Feel free to contact me :)

Maithri Suresh: +91 8355897537

Be neutrally detached and cruise forward.

Focus with positivity.

→ Up next : Arush's tips on core profile building

Building your Core Profile!

Just 2.5 months?

Non core looks more viable?

Don't have much CV pointers currently?

Is it too late now?

Poor grades, so core and research not meant for me?

No previous core or research experiences?

Not given interviews, don't know what happens ?

Preparation is stressful only until you don't start it! Use summer break productively for building your profile!

1) How to start?

- Helpful pointers for core profile:
 - 1) Summer Projects
 - 2) 2nd year internships
 - 3) Extra courses undertaken
 - 4) Niche knowledge/skills about a core/research topic
 - 5) Relevant Positions of Responsibility, Quizzes, Competitions etc
 - 6) Softwares and technical skills
 - Focus on quality & uniqueness of your profile, not the number of CV pointers!
 - Make a weekly plan for your project/internship/ courses for better progress
 - Try to complete significant part of the work by June end for a better CV
- 

2) A Rough Timeline

a) **May - June:**

- Work on project/internship/courses undertaken
- Rough plan and timeline till June end
- Noting down details of work and learning outcomes
- Keep 2nd year CV/ template handy

b) **June end - July 1st week:**

- Start working on CV - both 2 page and 1 page
- Refer to previous CV/template and notes of summer activities
- Contact your professor/company and all external verifiers beforehand

c) **July 1st week onwards:**

- Review of CV draft from seniors
 - Relevant edits, deletions and additions
 - Mindful of PT Cell deadlines
 - Researching about companies and intern profiles in detail
- 

3) Summer Projects & Core Internships

- **Quality and Scope of project** >> Quantity of project or core CV pointers
 - Emphasize on understanding **details** of each project :
 1. **Clarity of problem statement** - What purpose or objective does it serve?
 2. **Research methodology** - Algorithms/models/concepts that were helpful
 3. **Outcomes/ Insights** - What fraction of the objectives were met? Any new insights or challenges faced?
 4. **Future scope of work and improvements in project**
 - Core and R&D firms appreciate both a big-picture and a specific understanding of your project, especially in interviews. So highlight these points in CV, GD and interviews!
- 

- Developed a DEM model to simulate pharmaceutical powders using custom-built python codes
- Devised a method to expedite the calibration of powders to granular models by numerical methods
- Calibrated pharmaceutical powders using Discrete Element Method simulations on a HPC
- Implemented a coarse-graining algorithm, leading to a speed-up in execution of the calibration
- Grasped the usage of Python PrePost scripts to analyse and operate DEM simulations on ROCKY

Mechanistic Modelling of Regulatory Networks in Cellular Differentiation

(May '22 - Present)

Guide: Prof. Mohit Jolly | Centre for BioSystems Science and Engineering | IISc, Bengaluru

- Building a first-principles model to capture the core principles of cell differentiation in **cancer** and **development**
- Utilised a boolean architecture to simulate dynamic gene regulatory networks underlying phenotypic plasticity
- Increased efficiency by **60%** by developing an alternative computational framework using a matrix-based approach

Cooling of thermal hotspots | Guides: Prof. P.Sunthar & Prof Venkat Gundabala (Jan '22 - May '22)

Course project: Developed an optimal technique that dilutes heat fluxes in laptops working in a team of 8

- Optimised the cooling of **GPU chips** focusing primarily on the regions that develop **thermal hotspots**
- Reduced hardware & energy costs by 100 folds, implementing the technique of thermoacoustic cooling
- Achieved 20 times greater cooling capacity as compared to other conventional passive cooling techniques
- Visualised streamlines for passive flow along with the temperature & velocity profiles using OpenFOAM

4) Approach towards any project

- Emphasize on developing key **research skills**:
 - 1) **Literature review** of research papers, articles, books
 - 2) **Data analysis, Machine Learning**
 - 3) Theoretical background of **core concepts** involved
 - 4) **Process modelling** by softwares like Aspen/OpenFOAM/Ansys or even Python/MATLAB, depending on your project.
 - 5) **Experimental and analytical techniques**, in case of lab based projects
 - **Situation, Task, Action and Result (STAR)** - Useful in analysing your progress
 - Helpful in documenting project progress and highlighting later in interviews and CV
 - R&D and core firms scout for such skills and it's more valuable than the exact domain or relevance of your project to their intern profile!
- 

5) Niche knowledge or extra courses

- Technical concepts of **ML, Optimization, Data analysis** techniques useful in any R&D role.
 - Additional **course projects** indicate further interest in the subject, especially for courses like Heat and mass transfer, Chemical reaction engineering, Separation methods, etc
 - Do some **preliminary research** on relevant core companies:
 - 1) Product portfolio, raw material
 - 2) Unit operations used in their production
 - 3) Type of role and profile offered by company
 - 4) R&D approaches and initiatives - official website (what's unique about their processes?)
 - 5) Skills and concepts (both technical and non-technical) helpful for past interns or employees
 - Extra electives/minors taken, which highlight your industrial knowledge or professional skills (Department electives, CMinds, Management, Energy Science and Engineering, etc)
- 

Preparations for Core Interview

VLE

1. Effect of pressure on boiling points
2. Give logical explanations for the same (think out loud)

Thermo

1. Carnot cycle
2. Laws of thermo
3. Fugacity
4. Entropy definitions
5. Gibbs energy
6. Reversible irreversible work

Heat Transfer

1. Modes of HT
2. Types of heat exchangers, preliminary knowledge

Transport Phenomenon

1. Dimensionless numbers
2. Forced/free convection

Fluid Mechanics

1. Navier Stokes
2. Difference between pumps and motors
3. Boundary layer
4. Bernoulli equation basic derivation

Miscellaneous

1. Basic mass transfer
2. Refrigeration cycle

**Need not prepare all the topics, just an extensive list*

6) General Remarks

- Be well connected with your professor/PoC during your summer project and mutually decide the CV pointers before verification
 - Be well informed about the company in diverse aspects - history and growth, product market, economic performance, industrial processes, new initiatives and plans, sustainability commitments, CSR initiatives, business principles and ethics, etc
 - Firms prefer to hire interns with similar aligned approaches and business ideals!
 - Reach out to past interns to understand intern role and experience better, well before intern season. Helpful in shortlisting companies and profiles of interest
 - Non negotiable treat once you secure an intern :)
- 

Thanks!

Do you have any questions?

Quick Tour of various resume styles

Examination	University	Institute	Year	CPI / %
Graduation	IIT Bombay	IIT Bombay	2025	7.59

Pursuing **Honors** in Department of **Chemical Engineering**, IIT Bombay

SCHOLASTIC ACHIEVEMENTS

- Awarded **KVPY Fellowship** by Dept. of Science and Technology, Govt with **AIR-1474** among **100k+** candidates (21)
- Recipient of prestigious **MTSE Scholarship** by NCERT and secured **13th** rank in Maharashtra State (Stage-1) (19)
- Ranked in the top **0.5%** percentile in JEE Mains Entrance examination among over **1.1M+** candidates in country (21)
- Achieved All State **Rank - 2** once and State **Rank - 2** twice among over **50k+** students in MTSE Examination (19)

INDUSTRIAL EXPOSURE

Overview of Indian Chemical Industry | Guide : Prof. Sanjay Mahajani (Nov'23 - Dec'23)

- Created a thorough report after examining **business** and technical aspects of Birla Copper and Alkyl Amines Chemicals
- Gained understanding of reaction yield, **energy integration**, waste management, ZLD, distillation and quality assurance
- A 25 day Industrial tour to **Gujarat chemical belt** to get insights about aspects of Chemical Engg. And its application

POSITIONS OF RESPONSIBILITY

Manager | ChemE Tinkerers' Laboratory and Chemistry Club | Institute Technical Council (May '23 - Present)

Nominated in team of 26 Managers catering to Technical activities of 10k+ students across institute | Budget: 5 Million+

- Managing India's 1st Chemical Engg. Tinkering Lab aimed at promoting real life projects for student
- Structured multi-phase plan for procurement of **Advanced Laboratory Equipment** and chemicals
- Leading team of **6 conveners** to conduct various experimental sessions, workshops and projects

- Pioneered course on Techno-Commercial aspects of Chemical Industry with 2 eminent speaker talks
- Launched a national-level competition **AzeoCube** on the theme of **Modular water purification**

- Executing formation of **country's first** student-team to participate in **Chem-E-Car** competition

Alumni Secretary | Student Alumni Relations Cell | Institution Engineering Association (May '22 - Mar '23)

Selected in 14 member team fostering relations between 60k+ alumni and 10k+ students of the institute

- Executed **PMP** involving **250+ Alumni** mentors catering need for guidance of 600 graduates in various domains
- Assisted in panel discussion on 'Circular Economy of Materials' with 4 industry leaders including former **ICC President**
- Orchestrated **UPSC Exam Talks** with 2 **IAS Officers** guiding students on exam strategy, preparation and interviews
- Administered collection of 60+ diverse stipends by contacting **200+** alumni as part of Industrial Learning Program

Department Academic Mentor | Student Mentorship Program, IIT Bombay (May '23 - Present)

Selected out of 100+ applicants in team of 43 members based on interviews, inter-personal skills and peer reviews

- Mentoring 6 sophomores from department to ensure their holistic development & guiding them in academic endeavors
- Contributed to the DAMP blog by authoring exhaustive **course review** on HS 207 aimed at guiding the future batches

ACADEMIC AND KEY PROJECTS

Optimizing Car Cabin Temperature | Course Project | Guide : Prof. P. Sunthar (Jan '23 - Apr '23)

Implemented the knowledge of 3 basic modes of heat transfer along with differential equations and Co-simulation

- Suggested optimized values of parameters and installation of **PCMs** to delay temperature rise inside car by **4 hours**
- Visualised temperature profiles using **OpenFOAM** and **Paraview** and constructed mesh structures via Gmsh software
- Examined effects of parameters like paint and **specific heat** of car seat on temperature rise using **MATLAB** modules
- **Photocatalytic Water Purifier Reactor | ChemE Tinkerers' Laboratory** (Jun '23 - Present)

- Researching and designing **cost effective** photocatalytic reactor that optimize reaction condition for water treatment
- Examining **TiO₂** photocatalyst to degrade recalcitrant organic compounds with reaction **efficiency** upto **100 times**
- Testing water purity through spectrophotometry and aiming to achieve **10%** reduction in ultraviolet (UV) exposure

EXTRA-CURRICULAR ACTIVITIES

- Passed both Elementary and Intermediate **Drawing** exams organized by Gov. of Maharashtra (17)
- Achieved **2nd** rank amongst **25+** participating schools at **District level Inter-School drama** (18)
- Hospitality Co-ordinator at Mood Indigo responsible for accommodation of **4000+** college students (18)

Cultural

- Pursued professional year-long **Basketball** learning course under National Sport Organisation (22)

Sports

- Designed & optimized RC-plane for stable-flight maximizing air time within given constraints (22)

Technical

- **Software:** AutoCAD, AnyLogic, MATLAB, MS Office | **Languages:** C++, Python, Numpy, Pandas, HTML
- Served as **President of Rotary International** at school leading 100+ students on social initiatives (16)
- Visited **Alkyl-Amines Chemicals** plant and observed DCS controlled synthesis of Aliphatic amines (18)
- Bagged **3rd position** in **District level Inter-School General Knowledge** quizzing competition (19)
- Pursuing research on **'Maximizing Investment returns using RL'** under Finance Club, IIT Bombay (23)
- Completed summer reading project on **'Quantum Information and Computing'** under MnP Club (23)

Others

PROFESSIONAL EXPERIENCE

Product Management Intern | Bank of Baroda (Jun'22 - Present)

- Benchmarked and performed **competitor analysis** of **10+** mobile banking applications and products prevailing in the UK
- Analyzed **90+** banking features in different segments to incorporate into and improve the bank's digital banking offerings
- Created a detailed **digital roadmap** of the company's banking products in the UK for the next 3 years to benefit **1 Lakh** users

LEADERSHIP AND ORGANIZATIONAL ROLES

Institute Secretary of Academic Affairs (UG) | Head, Career Cell | UG Academic Council, IIT Bombay (May'22 - Present)

Highest Nominated Student Officer, addressing the academic and career related queries of 5000+ undergraduates

- Leadership**
 - Spearheading a team of 4 coordinators to conduct activities promoting career guidance and awareness
 - Working to improve the **academic policies** at the institute level by coordinating among **20+** bodies

- Management**
 - Organized Learners' Space with **14** courses, **1600+** students, **6700+** registrations (**40% y-o-y** increase)
 - Conducted Internship Preparation Program aiding preparation of **2500+** students through **15** sessions

- Initiative**
 - Co-authoring first ever **Internship Bluebook** with information from **120+** seniors to aid **3200+** students
 - Heading **Public Policy Club** promoting policy culture and conceptualizing the first **Public Policy Conclave**
 - Working on the policy aiming at the inclusion of **fourth year dual degree** students in internship season

Institute Academic Coordinator | Career Cell, UG Academic Council, IIT Bombay (Jun'21 - Apr'22)

- Selected among 12 out of 150+ applicants, undertook various initiatives to aid the career related decisions of students
- Facilitated 9 programs, **30** sessions, **8** booklets with **23** collaborations and catered to the needs of **4500+** undergraduates

Assistant Team Manager | IIT Bombay Racing (Jun'21 - Mar'22)

- Part of a team of 100+ students building **India's fastest electric race car**; crowned overall **winner** at FSUK concept class 2021
- Analyzed **40+** companies and executed negotiations towards collectively generating a net sponsorship of **INR 5 million**

Department Academic Mentor | Student Mentorship Program, IIT Bombay (May'22 - Present)

- Among 27 students selected from **86** applicants aiming to establish an overall support system for **120+** sophomores
- Mentoring **six 2nd year UG** students by guiding them in their academic, personal development and extracurricular pursuits

KEY PROJECTS

Understanding ESG and Impact Investing | March 5.0 | Deutsche Bank (Dec'21 - Mar'21)

- Ranked **1st** at the institute level among **30** teams, selected from **360+** applicants for a corporate skill development program
- Researched about the objectives, implementations, challenges, and crisis management aspects of **Impact Investing** and **ESG**
- Analyzed two case studies on multinational corporations highlighting their journey of incorporating **ESG** successfully

Trading of Currencies and Commodities in Stock Market | Angel Broking and Finance Club, IITB (Jun'21 - Aug'21)

- Studied the workings of **forex** and the **commodity** markets and critically analyzed the pivotal differences between them
- Scrutinized the correlation between **crude oil price** and **USD**, meticulously reviewing the macroeconomics affecting them

- Devised a profitable **investment strategy** after investigating the past **15+** year trends between **USD** and **Crude oil prices**

Consumer Theory and Behavioral Analysis | Summer of Science | MnP Club, IIT Bombay (May'21 - Jun'21)

- Analyzed real life situations describing consumer behavior by exploring concepts like **Utility** and **Water Diamond Paradox**
- Explored concepts of **behavioral analysis** and investigated psychological thought processes of consumers in the market

Improvement of production of Tree Free Paper | Course Project | Prof. Parag Bhargava (Dec'21 - Feb'21)

- Analyzed the scope of improvement in production of tree free paper as an alternative to mill paper to bolster sustainability
- Interviewed **Bluecat Paper** and identified **areas of improvements** towards technology, efficiency and lack of proper markets

EXTRACURRICULAR ACTIVITIES

- Certifications**
 - Completed the professional **Green Belt** certification in **Lean Six Sigma** course offered by **KPMG**
 - Awarded with **High Commendation** at the Youth Bridge India **Model United Nations Conference**

- Music**
 - Pursuing the final year of a **7-year** diploma course in **Classical Music**, clearing **6 exams** over 6 years
 - Completed 3 years of training in **Harmonium** and passed 3 exams securing **first division** in 2

- Dance**
 - Trained rigorously in **Bharatnatyam** for over 6 years, securing **first division** in 4 out of 6 exams
 - Completed a year-long certified **diploma** course in Western Dance, learning **10+** dance forms

Quick Tour of various resume styles

Khyati Jain
Chemical Engineering
Indian Institute of Technology Bombay

190620059
UG Second Year
Female
DOB: 11/05/2001

Examination	University	Institute	Year	CPI / %
Graduation	IIT Bombay	IIT Bombay	2021	

Auxiliary Degree : Pursuing a Minor Degree in Bio Sciences and Bio Engineering, IIT Bombay

SCHOLASTIC ACHIEVEMENTS

- Awarded **Rank 7** in the Department of Chemical Engineering '19 batch among **130+** students (Present)
- Secured an All India **Rank of 44** in JEE Main (B.Arch.) and recognized as the **Chandigarh Topper** (19)
- Bagged an All India **Rank of 419** in JEE Main among over **1.14 Million** aspirants across the country (19)
- Received merit certificate for being in **top 1%** among **900+** candidates in NSE Junior Science by **IAAPT** (17)

POSITIONS OF RESPONSIBILITY

Department Alumni Secretary | Student Alumni Relations Coll. IIT Bombay (Jul' 20 - Present)

- Part of a team of 21 department and hostel alumni secretaries @ the sole point of contact for Chemical Department
- Pioneered the **Then v/s Now Series**, comparing **Economic Crisis '09** and **Covid 19** with **60+** graduates
- Conducted placement mentoring for **90+** final year students for placements, onboarding **50+** alumni mentors
- Administering collection of **60+** projects from alumni of core industries for **Industrial Learning Programme**
- Executed layout of virtual hostels and departments for the **IPTE Virtual Convocation 2020** campus visit
- Orchestrated a series of **Core Talks** by accomplished alumni in core industries for students of the department

Sports Secretary | Hostel 15, IIT Bombay (Oct' 19 - May' 20)

- Part of a 30+ membered student council responsible for efficient working of the hostel with **1000+** residents
- Ensured efficient allocation of budget (INR **0.25 million**) for rehabilitation of **sports inventory** & **hostel gym**
- Achieved **200%** increase in participation of **female athletes** from the hostel by innovative **publicity campaigns**
- Supervised the selection and training of the **hostel sports teams** for around **20+** sports General Championships

KEY PROJECTS & INTERNSHIPS

Business Development Executive | Appl.ai (May' 20 - Aug' 20)

- Collaborated with **150+** colleges within **3 weeks** for the social initiative **"Covid v/s Student Career"**
- Collected offers from **100+** companies and managed exhaustive databases for the **Job and Internship Drive**
- Explored digital **marketing strategies** enhancing reach of the initiative and retention of companies on board

Seasons of Code | Web and Coding Club, IIT Bombay (May' 20 - Jul' 20)

- Developed an elementary **Graphic Intensive Music App** with a dedicated back-end for streaming music
- Explored the implementation of **Adobe XD** and **Android Studio** in app development and UI/UX design

Summer of Science | Maths and Physics Club, IIT Bombay (May' 20 - Jul' 20)

- Analyzed 2 case studies on **Criminology** & prepared a 26-page reader friendly report explaining its applications
- Applied the concepts of **penology** and **criminal psychology** to analyse psychological factors affecting crime

TECHNICAL & SOFTWARE SKILLS

- Programming Languages:** C++, MATLAB, Java, HTML
- Design Softwares:** Adobe Photoshop, Adobe Illustrator, Adobe XD
- Other Skills:** Android Studio, AutoCAD, SolidWorks, Adobe Premier Pro, MS Office

EXTRACURRICULAR ACTIVITIES

Culturals	- Secured the 1st Rank in the inter hostel Street Play championship amongst 8+ teams (20) - Adjudged winner of the annual Inter College Debate contest among 3 colleges in AIC (19) Lead vocalist of the winning team of the annual NCC Cultural GC Band Tournament (19) - Represented IIT Bombay in the Fine Arts Contingent at Inter IIT Cultural Meet 1.0 (19)
Social	Founder of NGO: Join Hands, working towards the rehabilitation of 30+ child beggars in Tricity and internationally declared second at Youth Leader, by TGFEL for the same (15)
Sports	- Honored with the title of Woman of the series during the Chemical Cricket League (20) Won inter college kabaddi & tag of war tournaments in the NCC Annual Training Camp (20)
Special Mentions	- Declared the Student of the Year at Bhawan Vidyadaya for 9 consecutive years (08-17) - Awarded PIN award by Shiksha Bharti for Excellence in Harmonious Behaviour (19) - Selected as member of the International Press & Conference Staff at BVCUMN(14-16)

What eye-tracking study shows?

- Average recruiter looks at your resume for 7 seconds only
- Focus on most recent experience
- Short and to the point info is must !
- Remaining time on specific keywords required for roles

Showcase your interpersonal skills

- Many recruiters in IITB today, come seeking for future leaders
- Interpersonal skills >>> Technical Skills in corporate world
- What leaders do ? They strategize, they set goals, action plans
